

Goal Setting Worksheet

Name: - Deepak Kumar

Student #: - c0738184

CO-OP WORK TERM ACTION PLAN

1. Work Term Goal End Point

In my future co-op I would like to work as cross platform Developer or Mobile application developer in my favorite companies like **Google, Konstant Infosolutions, Fueled**. I would like to support my team as a backend developer with development skills.

2. Goals & Objectives

1. **Goals:** -As per my aim want to develop website of play way school by end of this term Oct 31st 2018.

Objectives: -

- a. Want to design flowchart about the school's different processes in the first week of Oct 2018.
- b. In very next 2 weeks want to complete website development.
- c. Target to launch website in last 4th week of Oct 2018.

2. **Goals:** -To improvise my CGPA by the end of this semester.

Objectives: -

- a. If the CGPA is not above 2.8, give improvement exam for the course with more credits.
- b. If the CGPA is not above 2.8, give improvement exam for the course with more credits.
- c. Get at least 'A' grade in every course by the end of 18th December 2018.

3. **Goals:** -After completion of my first goal next will move to develop mobile app in different platform until Feb 2019.

Objectives: -

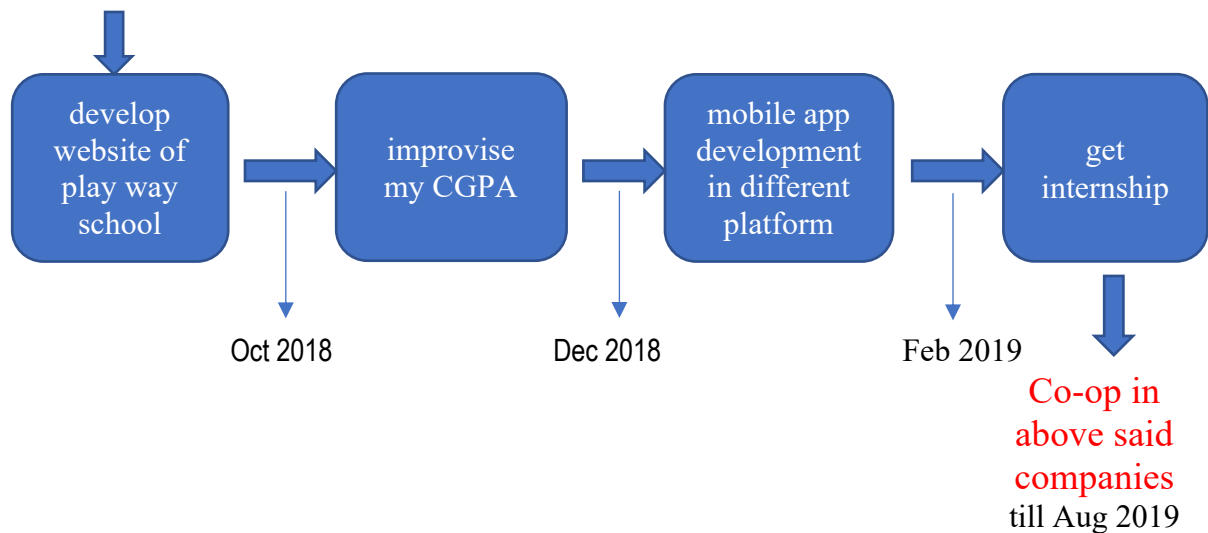

- a. For mobile app development my first subtask will be to complete design of app for mobile.
- b. Next until Dec 31st 2018 want to complete my first IOS app.
- c. After completion will move to finish my android app.

4. **Goals:** - to get internship by last of Aug 2019.

- a. By applying through off and off campus opportunities.
- b. Will grow relation professional circle to get co-op.
- c. Will attend different job fairs.

3. Strategic Planning – visual timeline

Lambton College
entrance

4. Implementation/Follow up

Ramanpreet Kaur my classmate helps me to attain my goals timesheet. She also helped me to restructure my timelines with her time management skills.

accountability follow ups: -

Goals	Timelines	Accountability follow ups
develop website of play way school	Oct 2018	Done
improvise my CGPA	Dec 2018	On going
mobile app development in different platform	Feb 2019	Will start
get internship	Aug 2019	Will start
